GAYATHRI ADDANKI

UI UX DESIGNER

I am a designer skilled in blending aesthetics and functionality to create intuitive, user-friendly interfaces. Experienced in simplifying user flows and improving usability through research and testing. Ready to bring problem-solving and creativity to impactful design solutions in a collaborative environment.

Resident in Berlin with a valid visa. **Authorised to work in Germany and open to relocate.**

EDUCATION

UI Design

Career Foundry, Berlin, Germany — Oct 2023 - Sept 2024

Interaction Design

CODE University of Applied Sciences, Berlin, Germany — July 2023 - July 2024

Bachelor of Technology in Computer Science

JNT University, India — June 2015 - June 2019

EXPERIENCE

UX / UI Designer

Leapfrog multimedia, India — July 2021 - June 2023

- Created high-fidelity wireframes, mockups, and interactive prototypes that brought user-centered designs to life using Figma and Adobe After Effects.

- Worked closely with front-end engineers to ensure design feasibility and maintain consistency between design and development.

- From user research and wireframing to visual design and prototyping, contributed to the entire design lifecycle.

UX / UI Designer (Volunteer)

Stealth Startup, Germany — May 2022 - August 2022

- Gathered and clarified requirements with founders.

- Improved designs through critiques based on design principles.

- Collaborated with design teams and developers from diverse backgrounds and nationalities.

- Iterated prototypes and brainstormed solutions with sketches.

Assistant Branch Post Master

India Post Office, India — June 2020 - June 2021
